
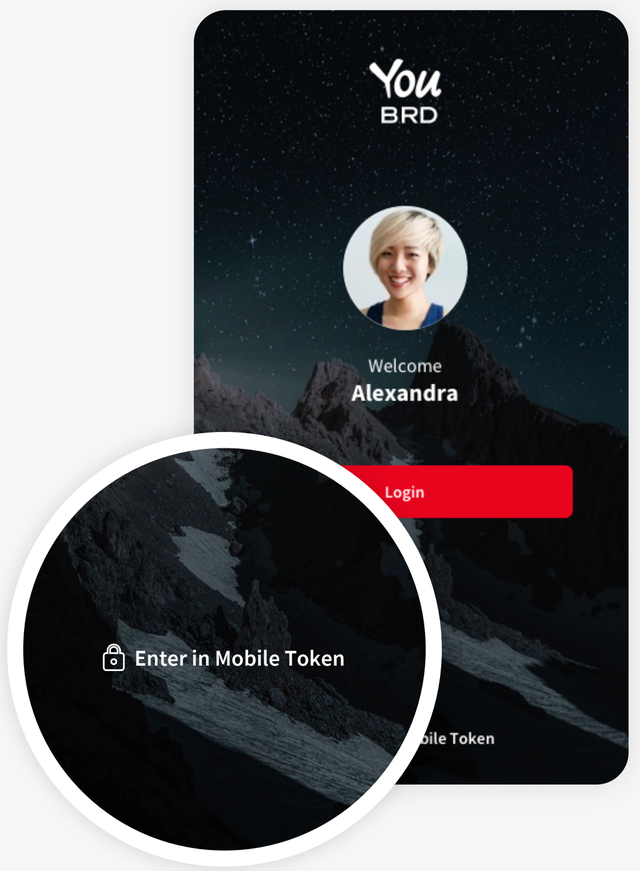
HOW TO LOGIN TO YOU BRD WEB PLATFORM

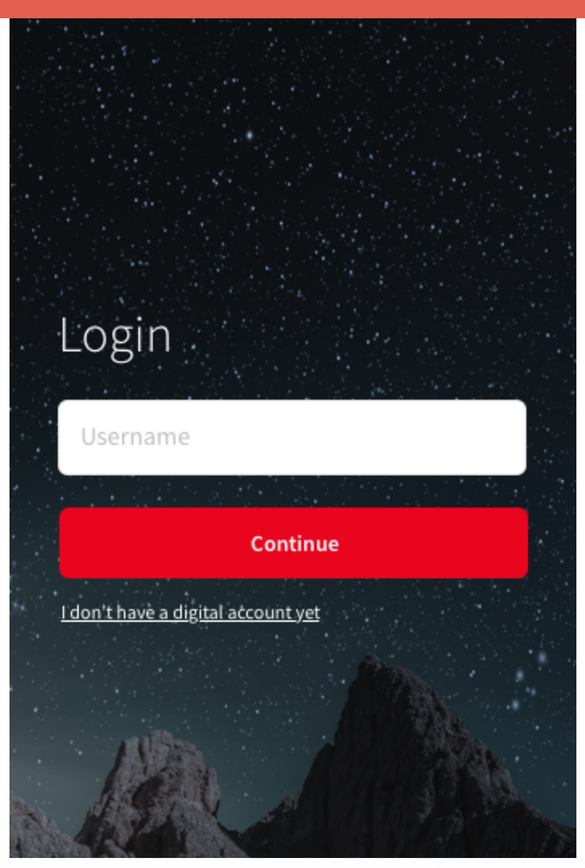
Open You BRD app and tap on Mobile Token

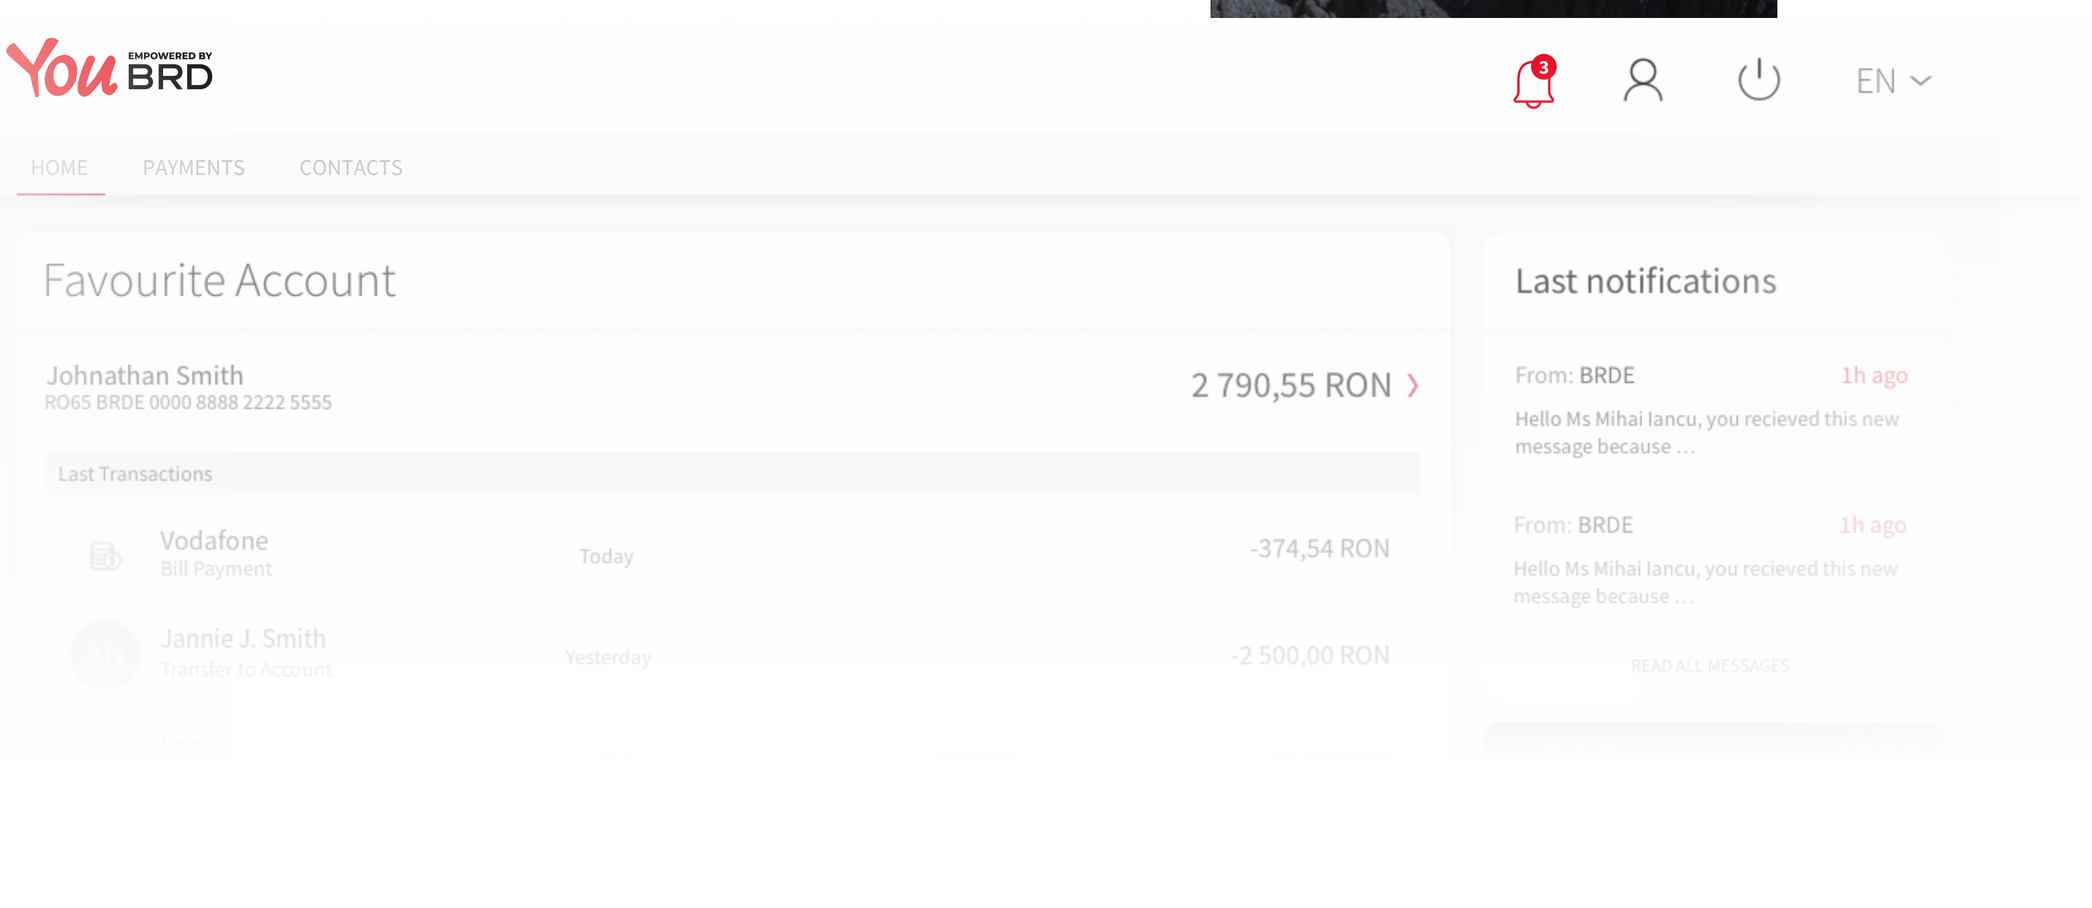
You login to the Mobile Token the same way you login the main application; biometrics or the PIN you have set up previously.



View your username and the generated code

In case you don't remember your username, you can find it here. Below you have the code you need to input in the second step of the login screen.
Every 30 seconds the code expires and a new one appears.

Fill in the details in the web login page




Use the username and OTP code mentioned above in the Mobile Token and login to the web application.
